

10 OCT 1965  
DDS&T-5919-65

MEMORANDUM FOR: Chief, Liaison Staff, OCR

ATTENTION:

SUBJECT:

Request for Information Regarding an  
ARPA Contract.

25X1A

1. Per our conversation I am requesting that you take the necessary steps to procure any available background information and formal reports on a current secret ARPA contract relating to some current studies on beryllium. I do not have the contract number or exact title, but I am informed that Mr. Cesaro (telephone number - OX 5-7044 or 7074) is an appropriate contact point for this contract at ARPA.

2. This data is needed for supporting information to some similar studies being undertaken by one of our key contractors involved in a current OSP program. I would appreciate your timely action in regard to this matter, and as a rough target date, I would suggest a week to ten days.
